I am a Computer Science student at Texas A&M seeking a full-time position as a full stack developer.

Skills

- .Net
- Angular
- C++

- Java
- SOLID
- LINQ

Experience

6-8/2020 – 8/14/2020

Software Development Intern / Ethos Group, Dallas TX

I worked on a full-stack development team and helped create/modify the companies financial technology applications. I was able to become very familiar with Angular and .Net programming, while learning a lot about other development practices such as SOLID and clean architecture.

Education

MAY 2021

BS Computer Science / Texas A&M, College Station

GPA: 3.61

At A&M we began mostly with C++, but throughout my degree I have had experience programming in Java, C#, and ruby. My favorite courses so far have been Software Engineering, and Programming studio, because they seemed to have been the best real-world experience.

MAY 2021

Minor in Business / Texas A&M, College Station

I also studied business at A&M where I learned the principles of many business areas including, accounting, finance, marketing and management. I have really enjoyed my business classes am interested in pursuing an MBA after I graduate.

Activities

Kappa Alpha Order / Texas A&M, College Station

Greek Fraternity – Academic Cochair
